WHAT IS SENIORNET??

Seniornet is a community based organisation which has been operating in New Zealand since 1992. Seniornet provides people aged 50+ with the opportunity to learn about new communication and information technology tools in a supportive and friendly, peer to peer environment.

There are Learning Centres throughout New Zealand and every year they help tens of thousands of New Zealanders to gain technology skills to give them confidence in employment and their everyday lives.

NORTH WELLINGTON SENIORNET

The North Wellington SeniorNet Society Inc has been running courses for the past two years. Since February 2015 the courses have been held at the Johnsonville Community Centre

Currently the North Wellington Seniornet has just over 130 financial members (2015 subscription - \$20.00) and courses are programmed for each Tuesday, Wednesday and Friday during the school year. The courses, led by volunteers tutors, are held between 10.00 – 12.00am and 1.00 – 3.00pm. Approximately every six weeks the members are sent a programme listing the available courses, dates and times. Any member wanting to attend a course simply phones the tutor and enrolls in the course of their choice. The class sizes are kept small and it is rare to have more than 3-4 members in a course at any one time. This means that the tutor can work pretty much 1:1 with each student to ensure that their individual needs are met. There is a minimal charge of \$10.00 for each two hour session. These charges simply cover the rent and other operational costs.

Approximately 20 different courses are available and are based around members becoming more familiar with what you can achieve when working with computers, iPads, android tablets, Smartphones etc.

For further information please contact Christine Ritchie, Secretary, Ph: 04 478 9470 or email northwellingtonseniornet@gmail.com
